Private Test ≠ Trackday

Our exclusive events focus on high quality with excellent conditions for serious testing. They are designed for GT- / LMP-teams taking part in championships like e.g. Blancpain, GT Open, 24h series, ELMS, Michelin Le Mans Cup etc. Of course, all teams, cars and drivers that fit the format are welcome – we are not linked to any racing series or brand!

- max 24 cars admitted in total
- limited to GT / LMP racecars
 - GTE / GT3 / GT4
 - LMP2 / LMP3 (LMP1 on request only – please contact us)
- limited to experienced drivers (min age 16)
- open pitlane – 7 hours of track time / day
- no noise restrictions – cars running according to the specifications of their racing series are admitted (GTE / LMP2 – please check with us!)
- always two days on track (single days on request, depending on availability)

With the concept described, teams can expect **excellent testing conditions close to an exclusive rental of the circuit** without having to cover the full cost.

Services

You can expect the following services during the event (extra fee might apply):

- Full safety package
- Petrol station in the paddock (98 and / or 100 unleaded)
- Tire mounting service in the paddock
- Restaurant in the paddock for lunch
- Sufficient number of boxes available
- Time keeping service
